

THE PRETTY THING HEALTH & SAFETY

We now have more dog owners on park, so thought it appropriate to remind you of our conditions. In the interest of public health
(especially as we have young children around)
It's essential that you follow these rules. Thanks

We are generally fortunate to have considerate dog owners but just a reminder that **ALL** dogs must be kept on leads. We know your dogs are friendly, obedient & well behaved, but we also have young children and adults that are not particularly fond of dogs. Out of respect for all our guests please ensure that your dog is not allowed to roam freely. This also helps with our second point...

Can you please ensure that you clear up after your dogs! Apart from being common courtesy it is also very unpleasant for children and adults who may discover your pets gifts. Bags are available from the office and you can dispose of these in the general waste bins provided.

I hope you will understand that this is in everyone's interest.
